

## Learning and "Being" Reiki

Jenni & Deanna are illuminating information that we haven't shared before in regards to the transfer of "Divine Breath" through a teacher to a student. This is called an "Attunement". New students and current students who have not yet learned through the "teacher level", should be aware of the new protocols and be able to ask good questions of their potential teachers. We have been teaching for over 15 years and have been in compliance with the standards set by the International Center for Reiki Training (ICRT). We have the view point from a historical perspective of the extreme changes that have occurred within the ICRT in recent years. We have chosen to continue to teach the ways that we were taught and guarantee the highest standards to your attunement.

Most students are learning Reiki for their personal use for themselves, pets, family and friends. This is a beautiful gift to bring into these relationships. There are a few with the intentions to make this part of their career. Regardless of your intentions, each of you will receive an "attunement" (if with us or someone dedicated to the attunement). The attunement process is a sacred act where we are the conduit between you, the divine and those who walk in your highest good. We create an environment for the transmission of holy energy. There is a physical component that is required from us to be there as your witness. It requires us to be physically strong and be able to hold our bodies in a correct posture throughout the process of attuning the entire class. Therefore, we limit the number to 12 students.

There is a historical lens to understanding the Reiki community and its relationship to you personally. As many of you know Jenni and Deanna use the labyrinth to communicate with GOD and the heavenly host. Much of the information we get comes in the form of "Prophecy". Prophecy is usually given in bits of information that are not sequential nor logical. We would like to share with you a few of these "downloads".

- January 5<sup>th</sup> 2013: "Be wary of false teachings, look for my name to know truth", "Become by from within, Breath"
- January 12, 2013: "Beware of Righteousness – stay humble", "Power in words"

- February 16<sup>th</sup>, 2013: "Raphael- Make a holy space", "Memorize your books"

- August 10<sup>th</sup>, 2019: "Violet Breath"
- September 15<sup>th</sup>, 2013: "There will be no pollution of the mind. Beware of a book coming out."

There are many more messages, but we are showing the ones that pertain to Reiki. At the time of these messages, we wondered why we would need to memorize our books. Book burning days are over, maybe weather related, we could only guess. Then in January 2014, we come to understand the above messages.

William Rand started Reiki.Org and the International Center for Reiki Training (ICRT) here in the United States. For years he was a highly respectable leader in our community. He brought together thousands of people in connecting everyone on the same page with learning materials and providing a structure for Reiki to grow. Then in January 2014, he sent out an email to the community that he was given a new system of Reiki called "Holy Fire®". When this email came in our box, alarm bells were going off before we had even read his letter. Remember, we respected him greatly, so this was a huge surprise to have this reaction. Please take the time to read his explanation on his website and feel for yourself. [Birth of Holy Fire®Reiki](#)

### Changes in Reiki since the Holy Fire® Reiki

- William Rand has removed the "Violet Breath" from all attunements including Reiki I & II. The Violet Breath is the most important part of the attunement. It literally means "The Breath of God". In fact, he

performs rites to remove the Violet Breath and the symbols that were attuned into the central light column, gone!

- The Violet Breath is a key element in attuning the physical carbon body. Stripping this away renders Reiki completely useless.
- He no longer uses the term attunement and now uses "ignitions".
- Holy Fire® Reiki has no spiritual lineage, and he is proud of this. However, in truth spiritual lineage provides a huge platform from which to draw light and do healing work. The light energy around our lineage is a prime energy source, it is ancestral.
- ALL of the books have been changed to remove the Violet Breath and strip any lineage. Some of the powerful symbols we use are being deleted from the books as well. The books and materials we were trained on are no longer being printed nor available.
- William Rand was the perfect person to "fall" because of the huge numbers of people that follow him and allow him to strip them of their true Reiki light attunements.
- Now hundreds of people can be attuned at one time because there is no Violet Breath. Greed has made this an easy choice for him and now his followers. He charges a nice sum for his classes full of people. He intrigues people who are after the next certificate to prove they are better than the people that hold less amounts of certificates. He offers alluring Reiki Classes to Stonehenge in the UK and Maui Hawaii and many other places. Lots of people and money at one time. We noticed he even has web attunements.

### **Our Promise to You**

#### **(Make Sure your Potential Teacher uses Violet Breath)**

- You will be attuned with the Violet Breath. You would never know this unless you were to ask.
- You will be part of our lineage that is long and rich with wisdom.
- We will teach you from the old ways and how to use your intuition.
- We will entrust in you material and knowledge to keep our lineage strong. It is up to us not to let this sacred way of life be lost.
